

NOT SCHEDULED FOR ORAL ARGUMENT
IN THE UNITED STATES COURT OF APPEALS
FOR THE D.C. CIRCUIT

AMERICAN WATER WORKS
ASSOCIATION, et al.,

Petitioners,

v.

U.S. ENVIRONMENTAL PROTECTION
AGENCY and LEE M. ZELDIN, Administrator
of the U.S. Environmental Protection Agency,

Respondents.

Case No. 24-1188

UNOPPOSED MOTION TO CONTINUE ABEYANCE

Respondents United States Environmental Protection Agency and Administrator Lee M. Zeldin (“EPA”) respectfully move the Court to continue to hold this matter in abeyance for an additional 30 days to allow new Agency leadership to review the underlying rule. Petitioners consent to this motion and Intervenor do not oppose it.

1. Petitioners seek review of an EPA action entitled, “PFAS National Primary Drinking Water Regulation,” 89 Fed. Reg. 32532 (April 26, 2024).

2. Petitioners filed their opening briefs on October 7, 2024; Amici on behalf of Petitioners filed their brief on October 29, 2024; Respondents filed their brief on December 23, 2024; Respondent-Intervenor filed their brief on January

17, 2025; and Amici on behalf of Respondents filed their briefs on January 17, 2025. Petitioners have not yet filed reply briefs. Oral argument has not yet been scheduled.

3. On February 7, 2025, Respondents sought, and this Court granted, a 60-day abeyance of proceedings in this matter. ECF No. 2099439; ECF No. 2099658.

4. The Court's order required Respondents to file a motion to govern on or before April 8, 2025. ECF No. 2099658.

5. As the Court is aware, a new administration took office on January 20, 2025, and there is now new leadership at EPA. That new leadership is in the process of reviewing the issues presented in this case and developing its position on how to proceed in this litigation. To complete that process in an orderly and deliberate fashion while preserving both this Court's and the parties' resources, EPA requests that the court abate proceedings in this matter an additional 30 days.

6. This court has "broad discretion to stay proceedings as an incident to its power to control its own docket." *Clinton v. Jones*, 520 U.S. 681, 706 (1997); *see also Landis v. N. Am. Co.*, 299 US. 248, 254 (1936); *Cottrell v. Duke*, 737 F.3d 1238, 1248 (8th Cir. 2013). An abeyance is prudent "if the public welfare or convenience will thereby be promoted." *Landis*, 299 U.S. at 256.

7. Courts routinely grant stays or abeyance in circumstances like those presented here where a new administration seeks to review prior actions. *See, e.g.*, Order (Doc. Nos. 1673071, 1668274), *West Virginia v. EPA*, No. 15-1363 (D.C. Cir. Apr. 28, 2017) (abating challenges to Clean Power Plan rule following change of administration); *Am. Fuel & Petrochem. v. EPA*, No. 19-1124 (D.C. Cir. Feb. 5, 2021) (rescheduling oral argument at EPA’s request to accommodate change of administration).

8. Continuing the abeyance would also preserve resources of the parties and the Court. It is possible that after its review, EPA could take further action that may obviate the need for judicial resolution of some or all of the disputed issues. Good cause thus exists for the requested abeyance. *See Anchor Line Ltd. v. Fed. Maritime Comm’n*, 299 F.2d 124, 125 (D.C. Cir. 1962) (“[W]hen an agency seeks to reconsider its action, it should move the court to remand or to hold the case in abeyance pending reconsideration by the agency.”); *cf. Ctr. for Biological Diversity v. EPA*, 56 F.4th 55, 71–71 (D.C. Cir. 2022) (courts “routinely stay [their] hand when parties identify developments that are likely to render judicial resolution unnecessary”).

9. No party would be prejudiced by the requested abeyance, and none oppose this motion. Because this matter is already in abeyance, no deadlines will be impacted by continuing the abeyance.

10. For these reasons, the Court should continue to hold this matter in abeyance for an additional 30 days, with the parties' motions to govern due at the end of that period.

Respectfully submitted,

ADAM R.F. GUSTAFSON
